

Erarbeitetes Therapieprogramm
von Anett Dreuse, Logopädin

Differenzierung der Kleinbuchstaben p und q

Im Verlauf meiner Erfahrungen als Logopädin, musste ich immer wieder feststellen, dass die Verknennung ähnlicher Kleinbuchstaben wie b und d, p und q, f und t oder auch m und n, sehr hartnäckig sind. Kinder mit einer Lese-Rechtschreibschwäche können diese entweder nicht lesen, nicht schreiben oder gar beides.

Kenntnisse mit Basiswissen werden meist schneller abgerufen als unverständlich gelerntes. Kommen Emotionen zum Lernprozess dazu erhöht sich die Gedächtnisleistung und damit das Erinnerungsvermögen um ein vielfaches.

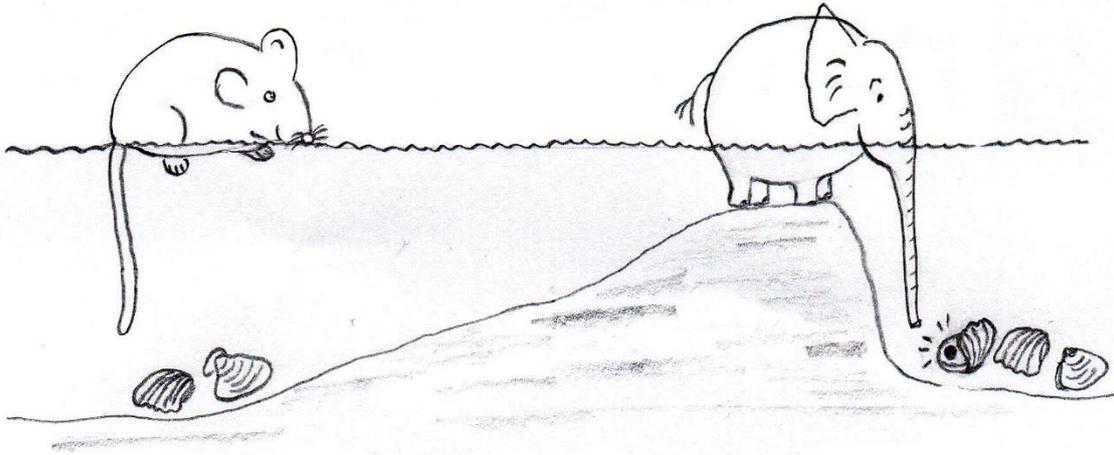

Deshalb habe ich die Kleinbuchstaben in winzige Geschichten eingebunden und diese entsprechend bildlich dargestellt.

Die Bilder werden in Worte oder Sätze eingebunden und helfen so, die Erinnerung zu vertiefen. Um die Druck- oder Schreibbuchstaben mit der bildlichen Gestaltung zu verbinden, werden die Formen abstrakter.

Kurzgeschichte:

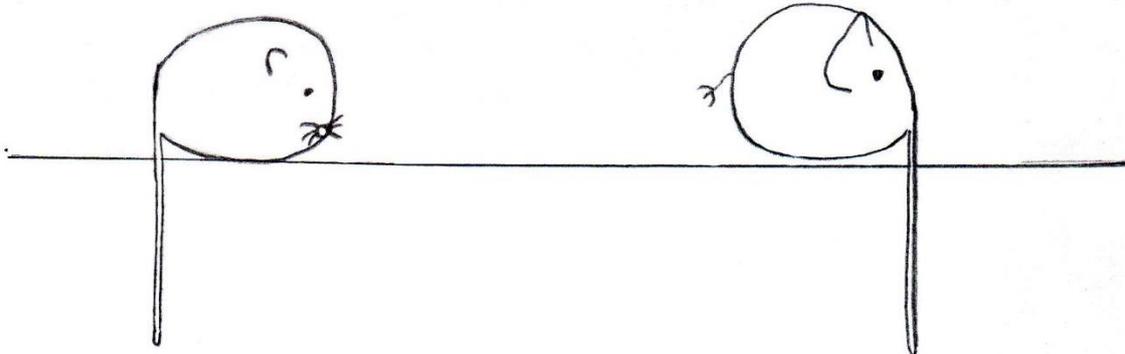

Beide Tiere sind dicke Freunde und gehen gemeinsam auf die Suche nach schwarzen Perlen, die man nur im Meer findet. Es ist recht mühsam. Besonders schwierig ist es für die Maus, da sie nicht gut tauchen kann. Doch der Elefant erreicht eine Düne, auf der er bequem nach Perlen sucht. Zu beider großer Freude wird der Elefant fündig. Der Tag ist gerettet.
